\_\_\_\_\_  
Parent Email Address

Students will select their courses in their English classes using a Google form. Please be sure to include your cell phone number as the counselors will be reaching out to students directly if needed to finalize class schedules. You can find course descriptions in the OUSD Course Catalog on the Secondary Education Website. Students who do not choose courses during the specified time will have their courses selected by their counselor.

**Advanced Placement (AP)/Honors Request:** Students and parents need to understand that Honors and AP are *rigorous courses* that require *additional time and homework* to be successful. As a condition of enrollment, the student is expected to remain in the class for the entire year. Dropping at the semester when permitted is only possible if there is room in the new course.

**We understand that every effort will be made to give students the courses they have selected. If a student wants to change his/her course selection, they must attend summer registration in August of 2021. These changes will be allowed ONLY if there is room in the new course requested. Schedule changes will not be made once the new school year begins.**

Both signatures are required for course requests to be processed on time and give you first priority for your electives.
