**1. View and Present School Safety Goals**

*Mr. Grimaldo reviewed and presented school safety goals. Hero is no longer being used. The challenge on campus for evacuation procedures is the construction that is taking place. Mr. Grimaldo reviewed the new school evacuation route. Raptor is a new system the school uses to track entrance of visitors. Raptor is connected to Megan's Law website. We currently have a mobile messaging platform. The school will be purchasing additional radios and will be updating the PA system. An area of concern is for all visitors to get a badge before coming on campus. School Safety Committee will meet soon to prepare the safety plan for SSC approval. The evacuation plan will change as construction evolves at OHS. Samantha Cuyler asked if evacuation drills could be changed to random periods instead of always having them during 2nd period.*

**2. Review Current Educational Practice – Mathematics**

*Mrs. Tran talked about the common end of semester assessments for all subjects in every grade. Mrs. Imhoof talked about a baseline assessment for students to take. She reviewed the Scholastic Math Inventory that is currently being used. Students take the SMI 3 times per year. It is also used to assist teachers write IEPs. When students take the SMI it adapts to their ability level. The SMI does not correspond with what students are learning. Ms. Imhoof and Ms. Tran will be looking to see if the MDTB from CSUF can be a substitute for the SMI. Another, option is finding an assessment through Pearson. The goal is for students to take this test 4 times per year. We currently do not have a test that measures student learning from year to year for 9th and 10th grade students. Ms. Tran talked about the training teachers are getting through Math Solutions.*

**3. Report on August – January SPSA actions in Annual Program Evaluation Form**

*Ms. Tran reviewed the School Site Technology Plan and reported on actions in State Priority Areas. She reported the progress up to January of technology that was/will be purchased. The Grand opening for the*

*student center will be taken place January 22th. Ms. Tran reviewed the Goals and actions the school has taken to address SPSA goals.*

#### **4. Budget Update – Review Spending to Date**

*Ms. Tran went over the latest Title 1 Spending for 2018-2019.*

#### **5. Discuss/Brainstorm Ideas on How To Spend Down**

*The Council looked at different department needs: Training students on how to use sound systems in the drama department and other departments, Purchasing technology that helps students edit productions in all departments, AVID Knot's Field Trip, Student field trips, and 21st century furniture for group activities in classrooms.*

#### **6. Principal's Report**

*Mr. McCuistion asked the Council what programs and/or events are doing well at OHS. The responses were the following: Raptor, the new athletic track, new tennis courts, Bridges program, AVID program, and technology availability.*

*Mr. McCuistion also asked the Council what programs/support services would we like to see offered at OHS.*

*The responses were the following: AP Physics, other AP classes, and Computer Classes.*

#### **7. Student Reports**
